***“Music bonds the artist and listener
in a personal way,
even if the two never meet.” ~ Brad Noe***

Thank you for your interest in booking Brad Noe. He started playing guitar at 12 and has played live acoustic shows in the St. Louis area since 2006 and made music his full time pursuit in 2011.

Brad's music has been featured on radio stations KMOX, KTRS, and on John Carney's national syndicated radio show. Within two weeks of his launch on ReverbNation in early December 2015, he had rocketed to the number 1 position in the singer songwriter category for St. Louis.

Brad's musical style stems from the inspiration of Neil Young, Jim Morrison, Johnny Cash and countless others. These early influences showed him that emotions can be captured in a song. Performing and writing music is Brad's catharsis, allowing him to capture and share emotions, life experiences, and to connect with the audience in an authentic and honest way.

Brad Noe performs an acoustic set of covers and originals. His sound system is of the finest quality and latest technology. His stage is stream-lined and visually beautiful.

To hear a sample of songs, go to Brad's website, www.bradnoe.com. It is Brad's audience that inspires him on his musical path.

Brad is scheduled to record his debut self-titled acoustic original solo album in early 2016. Pre-orders can be taken at any of his live events.
